

Recommended Tools for This Course

Everything you need — all with free trials or credits

Welcome! Before we dive in, here is a curated list of the essential tools and platforms we will be using throughout this course. You might not need all of them - it depends on which projects you choose to follow. **They all come with free trials or credits**, so you can explore everything risk-free. By joining through the links below, you may also unlock special offers. Some links give us a small kickback at no extra cost to you - thank you for supporting the course!
