

EXERCISE: MOTIVATIONAL QUOTE GENERATOR

Trigger: Schedule trigger that runs automatically every day at 7 AM.

Step 1: Set Up Manual Trigger for Testing

Add a manual trigger to test the workflow as we build it.

Step 2: Generate Motivational Quotes with AI

Use Basic LLM Chain node with OpenAI GPT-4 Mini to generate daily motivational quotes.

Step 3: Set Up Email Distribution

Configure Gmail node to send the generated quotes via email.

Step 4: Create Email Recipients Database

Set up a Google Sheet with email addresses of recipients (friends, family, etc.).

Step 5: Connect Google Sheets Integration

Use Google Sheets node to pull recipient email addresses dynamically.

Step 6: Automate with Schedule Trigger

Replace manual trigger with schedule trigger set for 7 AM daily execution.
