**** Categories ****

Chill:

Music with relaxing, mellow, or laid-back vibes. Perfect for unwinding, background ambiance, or quiet time.

Energetic:

High-tempo, upbeat music that boosts energy and motivation. Great for movement, action, or high-focus tasks.

Focus:

Calm and minimal music (often instrumental) to help with studying, working, or deep concentration.

Happy:

Bright, joyful, and uplifting tracks that create a positive and cheerful mood.

Sad:

Emotional, slow, or melancholic music that fits introspective or sorrowful feelings.

Workout:

Intense and powerful tracks with a driving rhythm, suitable for exercising or staying physically active.

Party:

Fun, lively, and danceable music made for socializing, celebrations, or night outs.

Romantic:

Gentle, warm, or heartfelt music that suits moments of love, connection, or intimacy.

Motivational:

Inspiring, confident, and empowering music that pushes you to take action or overcome challenges.
